Display	2 lines x 7 digits display (154mm x 81mm), digit height: 35mm) 1x graphical keypad display (78mm x 43mm) 1x card totals display (80mm x 30mm)
Internet Connection	4GX or LAN
Fuel Management	Store user details, site details and record transactions
Memory size	200 cards, 2000 transactions
Construction	Stainless Steel

Weights and Measures Approval

National Measurement Institute
 Cert No: NMI S783
 (C5000 Calculator/Indicator)
 Accuracy Class: 0.5
 Environmental Class: C

Fuel Management with CompacOnsite

CompacOnsite is the ideal solution for remote management of data.

From any web browser, you can have access to all your site data, 24/7.

Main Features of CompacOnsite

- **Manage Customer Account Cards** - view transactions, validate or invalidate cards, update use details
- **View Transactions**
- **Tank Gauging** - monitor tank levels, temperature, safe fill level and other important information Virtual tank gauging also available
- **Reporting** - export information in CSV format

Security is our Priority

- All data is stored in the Comfill at your site
- Access is only over SSL (HTTPS) with login and password

How much does it cost?

There are no fees associated with the use of CompacOnsite For additional functionality, upgrading to CompacOnline is required (where monthly charges apply)

Advantages of CompacOnsite

- **Remote Access** - allows you to manage your site 24/7, from anywhere with internet access
- **User-friendly** - very little training is required to use CompacOnsite
- **No Software hassles** - no software to instal or maintain, saves you time and computer memory, and you are not limited to having to use the same computer everytime
